

BELONGING AND CROSSING IN COMMUNITY: ADVANCED AND CERTIFICATION FOCUSING WEEKLONG

January 13-18 in Punta de Tralca, Chile (2 hours from Santiago)

"...by crossing we create in each other what neither of us was before." (Eugene Gendlin)

JANET KLEIN SCHOLARSHIP: COORDINATORS' INSTRUCTIONS

To: All Coordinators
From: The Weeklong Facilitation Team
Date: May 2018

PLEASE NOMINATE YOUR STUDENTS FOR THE JANET KLEIN SCHOLARSHIP TO THE WEEKLONG

The Janet Klein Scholarship Fund offers support to several participants each year to attend the Weeklong. Thanks to the generosity of Janet Klein's family and other donors, scholarship recipients are able to attend the Weeklong, and then return home to share their experience. This contributes to the carrying forward of our global community.

Please recommend candidates for the upcoming Focusing Weeklong!

WHOM YOU SHOULD NOMINATE:

Do you have students, or know Focusers (young or old) who are advanced in training, who could not afford to come without this scholarship? Please nominate them, and ask them to apply. You, as an individual Coordinator, are welcome to nominate someone. If appropriate, you might also write to us on behalf of your Focusing community. Please see the attached "Invitation to Apply" to learn more about who is appropriate for the scholarship.

The size of the scholarship per individual person will depend on economic need and available funds. The International Focusing Institute also strongly encourages the individual's home group to fundraise a portion of the total cost.

WHY YOUR STUDENTS SHOULD ATTEND THE WEEKLONG:

Attending the Weeklong helps advanced Focusers to renew and/or deepen their Focusing process. Being part of a small international group of other advanced Focusers tends to open new, surprising insights. We find that many advanced Focusers return each year. They benefit from the invigorating experience of being with other advanced practitioners and learning about new models and methods of practicing Focusing.

HOW TO NOMINATE SOMEONE

It's very easy: just write us a nomination letter. Describe the qualities that make this person appropriate for this scholarship. The length of the letter does not matter; the important thing is that you make us feel that this person contributes or can contribute to the spread of Focusing in the world. (Refer to our "Invitation to Apply" document for more details; it can be found at focusing.org/weeklong.) Send your letter by e-mail to janetkleinscholarship@focusing.org.

GRATITUDE

We are extremely grateful to Janet Klein's family for creating a Focusing Weeklong Scholarship Program in Janet's memory. Many times Janet paid for people to attend a Weeklong that she was teaching, especially those from developing countries.

The deadline is July 1, 2018. At that time, we must have not only your letter of nomination, but the application letter from your student. (Please ask your student to read the "Invitation to Apply" for more details. It can be found at focusing.org/weeklong.) The selected candidates will be notified by the end of August.

Please also consider making a donation to the Janet Klein Scholarship Fund to sustain this program in the future. Please go to: www.focusing.org/janetkleinfund. Encourage others to give as well.

Please send your letters of recommendation via email to janetkleinscholarship@gmail.com.

Sincerely,

*The International Focusing Institute and The 2019 Focusing Weeklong Facilitation Team
Jan Winhall, Edgardo Riveros, Jeffrey Morrison and Catherine Torpey*
